Our mission at FirstLight Home Care – South Sound is to support families by assisting their loved ones to promote independence, dignity and respect.

We know your highest priority is finding someone you can trust and rely on...someone who will care for your loved one as you would. We've been where you are, which is why we are here to support you. Our compassionate, skilled and reliable caregivers will ensure that your loved ones are well cared for. The FirstLight Home Care difference starts with our "Culture of Care." Our Culture of Care philosophy is the cornerstone of FirstLight Home Care. It comprises the beliefs and values which guide us every day as we serve others in our community.

Among our values is this promise to our employees and clients: At FirstLight Home Care, the genuine health and well-being of others is our greatest concern. We vow to provide first-class personal service for our clients so that they may enjoy warmth, independence and relaxed comfort in their own home or any setting.

We are proud to have been voted the "Best Home Health Care Agency" in the South Sound. We are also the only home care agency in Thurston County named a Best of Home Care "Provider of Choice" by Home Care Pulse, the premiere quality management company in the home care industry.

Locally-owned and family-operated, we offer complete companion and personal care services for seniors, new mothers, those recovering from surgery, or anyone who just needs a little assistance. And with our trusted, highly-trained caregivers and additional, innovative services, you'll have even greater peace-of-mind.

HATTON GODAT PANTIER

Hatton Godat Pantier, Inc. has provided professional engineering and surveying services in the South Sound region for over 50 years. The firm is a second-generation combination of Howard Godat & Associates (engineers) and James A. Pantier (surveyors) who merged in 1998 after decades of working closely together on projects throughout Western Washington.

Comprehensive Capabilities That Deliver More

Great Convenience

No more scheduling three different meetings to review progress with engineers, surveyors and landscape architects. All the services you need are one firm.

Improved Efficiency

By bringing an integrated team of engineers, surveyors and landscape architects in at the front end, your project goes smoother, faster – and your budget stays leaner.

Better Outcomes

Working together, our experienced team of specialists know how all the pieces fit together to assure your project is successful every time.

Our expertise includes all infrastructure types of projects, public and private, from new streets and parking lots to water systems, sewers, and on-site sewage disposal. Our experience with septic system repair improvement plans and specification, includes septic tanks, pumping and distribution systems, as well as multiple types of dispersal methods.
