Security Officers are the cornerstone of AlliedBarton Security Services. Our officers allow us to accomplish our company’s core purpose which is “to serve and secure the people and business of our community”. They are responsible for the safety and security of the facilities they protect. Our security officers act as a visible deterrent to crime and client rule infractions; they detect and report suspicious, unsafe or criminal acts at or near their assigned posts which may be a threat to the property, clients, guests or employees at the site. Although essential activities may differ based on the facility at which they work, below are some of the standards.

- Ensure the facility is provided with high quality security services to protect people and property.
- Report safety concerns, security breaches and unusual circumstances both verbally and in writing
- Build, improve and maintain effective relationships with both client employees and guests.
- Answer questions and assist guests and employees.
- Remain flexible to ever changing environments; adapt well to different situations.
- Patrol the facility on foot or vehicle.
- Answer phones or greet guests / employees in a professional, welcoming manner.
- Monitor closed circuit television systems and alarms.

Catholic Community Services and Catholic Housing Services (formerly known as the Archdiocesan Housing Authority) of Western Washington are prophetic voices for justice, recognizing the sacredness and dignity of every human person. Rooted in the Gospel message of hope, we will continue to be leaders, advocates, providers and partners serving poor and vulnerable people.

Mission Statement
Rooted in Catholic Social Teaching and the Gospel imperative, Catholic Community Services and Catholic Housing Services are outreaches of the Catholic Church in Western Washington, under the leadership of the Archbishop of Seattle and the Boards of Trustees. CCS and CHS answer the Gospel call to loving and compassionate service with particular concern for the sanctity of human life from conception to natural death and the dignity of the human person. Our employees and volunteers come from many faith traditions to serve and support poor and vulnerable people through the provision of quality, integrated services and housing. Our focus is on those individuals, children, families, and communities struggling with poverty and the effects of intolerance and racism. We actively join with others to work for justice.

We are looking for entry-level to master's level applicants and interns for positions throughout our organization. We have many programs to choose from: Family Preservation, Homeless Adult Services, Foster Care, International Foster Care and the list goes on!

A MISSION TO HEAL, A PROMISE TO CARE
We are a part of a family of hospitals, health care services, and medical providers delivering compassionate care to people throughout the South Puget Sound region. Our affiliates include St. Joseph Medical Center in Tacoma, St. Francis Hospital in Federal Way, St. Clare Hospital in Lakewood, St. Anthony Hospital in Gig Harbor, St. Elizabeth Hospital in Enumclaw, Franciscan Hospice House in University Place, and Franciscan Medical Group clinics and providers in Pierce, King and Kitsap counties. Franciscan Health System is affiliated with Catholic Health Initiatives, one of the largest not-for-profit health care systems in the nation.

A PHILOSOPHY OF CARE
When the Sisters of St. Francis founded St. Joseph Hospital in Tacoma in 1891, they dedicated themselves to providing health care to all people in a compassionate, understanding, and dignified manner. Today, the same philosophy guides all of our actions. Our mission centers on providing high quality care that meets our patients’ medical needs while providing emotional and spiritual support to patients and their families. We believe this three-part approach — physical, emotional, and spiritual — is essential to healing the whole person.

Established in 2010, AmeriCorps – College and Career Coach (CACC) is a service program managed by College Success Foundation. This results-driven program provides the opportunity for individuals to become involved in service communities by providing support to low-income, underserved youth and families.

A team of 15 AmeriCorps members will deliver CSF’s college and career readiness lessons to middle school students in one of our partner schools throughout Washington State from the following districts: Highline, Seattle, Spokane, Tacoma, and Yakima. The member’s efforts will contribute toward the development and growth of the school’s college-going culture and strengthen students’ college aspirations. The CACC collaborates with counselors, teachers, community partners and College Success Foundation staff.

The CSF AmeriCorps 11-month service term begins August 2016 with a required commitment of full service term until July 2017.

We are open to ALL Majors. Qualities we are looking for:
Effective verbal and written communication skills.
A proven "self-starter" with the ability to work both independently and collaboratively while observing and complying with all standards of the supervision personnel and relating programs and services of the employer.
Have a commitment to work collaboratively and harmoniously with the CSF staff, colleagues, community resource agencies and school district personnel.

Ability to work flexible hours to include out of school time activities with community partners, pending prior approval from supervisor. May include nights and/or weekends. Upbeat, positive, outgoing, personable and able to relate well with diverse populations and age groups, with particular emphasis on working with young people, ages 12 – 14.
Experience working with students/college readiness access preferred.

Concrete Technology Corporation pioneered the development of the prestressed concrete industry in the
United States. When founders Thomas and Arthur Anderson built the initial production facility in 1951, it was the first prestressing factory building in this country. The modest 4-employee company was the culmination of a year-long investigation by the Andersons throughout Europe to see the few prestressed concrete structures in existence at that time.

Today, the 30-acre plant includes over 120,000 sf of enclosed production facilities; a state-of-the-art batch plant; welding, rebar, and carpentry fabrication shops; bridge, gantry, and mobile cranes; and shipping by truck, rail, and barge. The result of this is that literally thousands of bridges, buildings, piers, tanks, floats and other structures throughout the Pacific Northwest and Alaska have been built with Concrete Tech products.

Concrete Technology Corporation is an Equal Opportunity Employer.

The Evergreen State College is a progressive, public liberal arts and sciences college located in Olympia, Washington, in the beautiful Pacific Northwest. Since opening its doors in 1971, Evergreen has established a national reputation for leadership in developing innovative interdisciplinary, collaborative and team-taught academic programs. The college has a vibrant undergraduate program, graduate programs, and public service centers that constitute a unique academic setting. The college values a student-centered learning environment, a link between theory and practice, and a multicultural community of diverse faculty, students and staff working together. For more information about Evergreen, please visit our college catalog or our website: [http://www.evergreen.edu](http://www.evergreen.edu)
Students in the Master of Environmental Studies degree at The Evergreen State College use natural and social sciences to study environmental problems through required core courses, electives, internships, independent study, and a thesis. Classes are in the evenings leaving time for jobs, internships, and volunteering. Students can attend full-time (two years) or part-time (three years). We accept all majors. Scholarships are available.

Move forward *now* with your career in public service with Evergreen’s Master of Public Administration (MPA) program! You can “keep your day job” & complete your MPA degree locally, finishing the degree in as little as 2 years (full-time) or 3 years (part-time)! Hundreds of our graduates are working throughout the Pacific Northwest in responsible positions within state, local, tribal & federal governments, non-profit organizations, education & private industry. Interested in government admin, non-profit admin or public policy? You’ll complete your degree on evenings and weekends: typically you’ll be in class just 1 night each week + 1 or 2 weekends each quarter. Interested in our low-residency, weekends only Tribal Governance concentration? We offer the *only* MPA program of its kind in the country. Finally, Evergreen’s MPA is affordable: at a total of $17-18,000 in tuition and fees to complete the *entire* degree, which is about half to a third less than the cost of comparable programs.

A career at Goodwill allows you to apply and develop your professional skills, while contributing to a mission that changes lives and communities.

Founded in 1923 by Swedish immigrant Carl V. Erickson, Harbor was initially known as West Coast Produce Company and was located in Aberdeen, WA. In 1954 the company name was changed to Harbor Wholesale Grocery to reflect the increased focus on grocery. And in our fourth generation, we altered our name to include “Foods” as foodservice took on a more central role in our customers’ markets. Harbor Wholesale seeks awesome people to be a part of our mission to help make our customers successful. We know that our success depends on theirs. A true spirit of partnership is critical to everything we do. Each and every day, we work together as one team to execute, solve problems, and delight our customers. Our Vision, Mission and Core Values help guide all employees to have fulfilling careers. We are looking for applicants with a Business degree for our sales department and applicants interested in working in the Grocery distribution industry. We offer the opportunity for continuous growth in a stable, positive, nurturing work environment.

The Rachel Corrie Foundation for Peace & Justice is a grassroots, 501(c)3 non-profit organization that conducts and supports programs that foster connections between people, that build understanding, respect, and appreciation for differences, and that promote cooperation within and between local and global communities. The foundation encourages and supports grassroots efforts in pursuit of human rights and social, economic, and environmental justice, which we view as pre-requisites for world peace. Continuing the work begun and envisioned by our daughter, Rachel Corrie, our initial emphasis has been on Israel/Palestine.

We conduct and support projects that educate for peace and justice, that foster connections and understanding between peoples on global and local levels, that promote the use of art and the written word in fostering justice and peace, and that encourage individual grassroots participation in bringing to fruition a positive world vision.

Interning with the Rachel Corrie Foundation (RCF) provides a meaningful way to work towards peace and justice and gain a variety of skills. We are looking for passionate and reliable students with strong organizational skills, excellent writing skills, the ability to communicate clearly and effectively and the willingness to learn and grow. You'll be able to attend weekly staff meetings, interact with our board of directors and have the autonomy to be creative and work in the areas you are passionate. Our internships are available for a single quarter. However, preference is given to students who commit to interning for multiple quarters. So if you’re interested in current events, have a passion for politics, want to get involved in grassroots participation and non-profit management we’re excited to hear from you! Check our website for more information.

The focus of the MSW program is one of advanced clinical practice working with individuals, families and groups. The mission and values of the School are consistent with the context of the program since its foundation focus is on enhancement of human well-being through the use of the person and environment construct, the alleviation of poverty and oppression, the eradication of discrimination and economic injustice, affirmation and empowerment to populations-at-risk and creation of environments for positive change, growth and development that allow people to live in freedom and dignity. The advanced year prepares students to work in social work clinical practice with individuals, families and groups within a variety of service settings. Students in the advanced clinical year build on the knowledge, values and skills gained in the Foundation Year/BSW degree.

As students advance, the curriculum assists them with integrating the professional use of self, supervision, transference, counter-transference, critical thinking, issues of diversity and the implementation of the NASW Code of Ethics. Clinical social work practice and methods require students to understand and use evidenced, theory based practice for clients, perform assessments and have the ability and critical thinking skills to evaluate practice interventions. Preparing skilled clinical social workers within the context of the School’s vision, mission and values is in harmony with the purpose of social work education.

Under the leadership of the Commissioner of Public Lands, our work at the Department of Natural Resources (DNR) is done with the public’s interest in mind, which means transparency and public knowledge. Our decisions are guided by sound science as we manage state trust lands, native ecosystems and natural resources. We support the vision of a sustainable future by protecting and managing the natural resources so future generations will have them.

DNR manages over 5 million acres of state-owned land that includes forest, range, commercial, agricultural and aquatic lands. We generate revenue that supports public schools, state institutions and county services. But managing lands is only half of our story. We also protect other public resources such as fish, wildlife, water, and provide public access to outdoor recreation. Two of our largest and most important state-wide resource protection...
Responsibilities are fire prevention and suppression, and overseeing forest practices.

The DNR has an annual operating budget of approximately $187 million and has over 1200 permanent employees with approximately 300 additional staff hired during the summer fire season.

We have some of the most talented people in the industry. We honor diversity in the workplace and support one another with respect and trust. We invite you to learn more about our culture, our careers, and why some of the top forestry and natural science professionals have joined Washington DNR by visiting our DNR website.

As a national leader in experiential education, the Willamette MBA prepares students for their first professional position, career change and advancement in business, government and not-for-profit organizations.

In just 21 months, students learn the principles of management, refine their career interests, develop one or more career areas of interest, and build the network and portfolio of experience employers value.
