

International Student Declaration of Finances 2016-2017

GENERAL INFORMATION

The United States Citizenship and Immigration Services requires that Saint Martin's University verify the financial resources of all international student applicants. This form is for that purpose.

Please note that the estimated dollar amounts listed below are for one academic year (two semesters) before scholarships. You are required to certify that you have funds available for the amounts listed. The estimated amounts do not include transportation to and from the United States, and do not represent the total expenses of your program if longer than nine months.

All sections of this International Student Declaration of Finances Form must be completed along with the required documentation before an I-20 form can be issued.

Student visa holders are not authorized to work off campus in the United States except under special circumstances: you should not plan on providing support for your education through employment while a student.

<u>Undergraduate</u>	
Tuition.....	\$33,950
Room.....	\$5,250 (rate varies by room type)
